11 May 2018

Dear Resident

**A167, NORTHALLERTON ROAD, DALTON-ON-TEES – CARRIAGEWAY PATCHING**

This letter is to inform you that North Yorkshire County Council will be undertaking highway maintenance on the A167, Northallerton Road, from the junction with the road to Middleton Tyas in Croft on Tees, southwards to the junction with the B1263. The works are programmed to start on Monday 21 May 2018 and will last for 5 working days.

Due to the width of the road and the large surfacing machines and wagons we will have on site the road will be closed to all vehicles while work takes place from 9:30am to 3:30pm. Pedestrian access will be maintained at all times with the assistance of on-site personnel tasked with this process. Limited vehicle access may be possible for residents within the road closure during the working day with the agreement of the surfacing contractor and depending on the location of their machines on the road, however please note this cannot be guaranteed. A diversion route will be signed via Scotch Corner and Scorton.

The work is part of an extensive programme and as a consequence it is possible that some adjustment to this start date or the duration of the works may be necessary should unforeseen circumstances (such as significant weather events or emergencies on the highway network arise).

We request your assistance in the following ways:-

Please contact the Customer Resolution Centre on 01609 780780 to identify any special access needs you may have during the work period;

Co-operate and comply with any instructions issued by the traffic management operatives and take extra care whilst within the works area;

For further information including diversion information and to sign up for alerts please go to;  
<http://www.northyorks.gov.uk/article/30550/Public-notice>

I would like to take this opportunity to apologise for any disruption that these works may cause and would again request your co-operation to help ensure an efficiently and safely executed project.

Yours faithfully

Customer Resolution Centre
